SCORPA: Protecting Your Benefits

Welcome to retirement! The San Mateo County Retired Personnel Association (SCORPA) was established in 1975 to provide a representative voice for all San Mateo County retirees before the Board of Supervisors, the SamCERA Retirement Board, and the California Retired County Employees Association (CRCEA).

SCORPA provides representation before local and state governmental agencies. SCORPA is a member of the CRCEA, a group comprised of twenty counties within the same retirement law. CRCEA has advocates in Sacramento who keep us informed of bills benefitting retirees and warns us of those likely to be harmful allowing us to prepare thoughtful opposition when necessary.

SCORPA members receive periodic newsletters, a supplemental benefits booklet, and learn about various relevant topics at meetings. Dues help provide for two Association events each year, newsletters, participation in CRCEA seminars and conferences, informational speakers on topics of interest, and rental space for meetings and events. Refreshments are provided at our regular meetings.

We encourage you to join SCORPA to continue the strength of our voice in speaking for all of us! Annual dues are just $20 by automatic deduction from your SamCERA retirement check on July 1 each year following receipt of application.

Meetings are held the fourth Wednesday of January, April, July and October at 1:00pm
Unless otherwise noted, meetings are held at:
Veterans Memorial Senior Center, 1455 Madison Ave. Redwood City.

Events are held in September and December and include a luncheon.
